

# Health Care Waste Segregation Containers

Introducing our latest "HANDS FREE" Pedal Post Waste Segregation System

*New and improved quality features*

## 50 Litre Rectangular Shape Bin

Larger open mouth for ease of waste disposal

Smoother and quiet foot pedal operation

Bin can be stackable and lockable ( if bin needs to be transported off site)

Industrial grade container and foot pedal system for hands free sanitary use.

Can be supplied with mark resistant castors or T-Bar handle with rear wheels, for ease of mobility.

*Smooth surfaces and contours for ease of cleaning*

Foot pedal and container are separate units

Container can be removed or replaced from foot pedal unit in seconds

Colour Coded to suit your needs, more colours available upon request

**Clinical Waste**

**Cytotoxic Waste**

**General Waste**
